

50% 1hr lesson could be picture dictionary + matching activity, then bingo
 50% can do word review + pic dictionary for 1/2 hr, matching + bingo for an hour

ask for word review -> Powerpoint
 For picture dictionary -> sheet w/ images w/ sans mats (leave option for students to colour)
 Matching activity -> put on smartboard (use same images), let student correct words to image and say "this is correct" students can repeat
 Find some way to make card + something that next activity will scramble words
 Basic sheet (could also be for next class if it works) put in order

Prizes? -> maybe buy erasers... or candy! its the end of the day so it should be okay
 Goals of the activity: students will learn at least 4 words of vocab pertaining to food & drink
 students will be vaguely introduced to the form used in the chapter in exit card
 Will check this through an exit card: "I would like to have" and "draw pictures"

All 2 p. much
